

INVITATION

# SAGE ANNUAL CONFERENCE, PARIS, WEDNESDAY 12TH OF DECEMBER, 2012

CCFA, 2 rue de Presbourg,  
75008 Paris – FRANCE

PARTNERS:

## THE SAGE PROJECT: PARTNERING FOR ROAD SAFETY, REDUCED EMISSIONS AND GROWTH IN EUROPE

Today's great challenges include making road vehicles radically more green, safe and intelligent. One obvious course for solving this situation is research and technical solutions. Another is societal clustering building activities and strategic cluster management. The SAGE aim is just this; to strengthen regional capacity in research and innovation and thereby support the transformation of road vehicle technology and market.

The SAGE partnership consists of five regional research driven automotive clusters. The project runs from 2011 to 2014 and is financed by the European Union 7th Framework Programme within the theme Regions of Knowledge.

Key activities:

- Map and analyse the participating regions in regard to competences and cluster organisation for safe and green road vehicles
- Map and analyse selected automotive clusters in Asia and suggest strategies for cooperation
- Expand the SAGE network with emerging regional clusters and offer support to increase their capacity
- Develop a common SAGE agenda with long and short term goals for innovation, research and education
- Implement the common agenda through concrete activities such as joint research projects, student mobility and new policy instruments
- Market the clusters world-wide and promote the strengths of the respective regions

## THE SAGE ANNUAL CONFERENCE:

Each year the SAGE consortium organizes a joint conference in one of the cluster regions. The goals are:

- To inform on the SAGE progress
- To address specific issues related to the project
- To exchange with the stakeholders
- To offer a networking opportunity

Mov'eo organizes the first conference.

- The morning will be devoted to the topic "Electromobility" with diverse speeches on electrification of the vehicle, car sharing systems, recharging systems, energy storage systems, ICT and policy approaches.
- The afternoon will be dedicated to round tables where the focus areas identified for the SAGE Joint Action Plan will be presented and discussed.

# PROGRAMME

Conference on Electromobility  
Competences in Paris Region and examples of projects

08:30 *Welcome Coffee*

09:00 Openings

**JEAN-LOUIS MISSIKA**, Deputy Mayor of Paris in charge of Innovation and Research (to be confirmed)

**JEAN-CLAUDE HANUS**, President of Mov'eo

09:30 Region of Knowledge: Past, present and future?

**STEFAN WEIERS**, Program coordinator « Regions of Knowledge », European Commission, DG Research

09:45 Presentation of SAGE

**HANNA BLOMDAHL**, SAGE coordinator

10:00 PSA Peugeot Citroën strategy and vision on vehicle electrification.

Examples of projects within Mov'eo

**JOSEPH BERETTA** – Delegate energies, technologies and automotive emissions at PSA Peugeot Citroën

10:20 Renault strategy and vision on vehicle electrification. Examples of projects within Mov'eo.

**BERTRAND HAUET** – Deputy Manager in charge of scientific partnerships at Renault (to be confirmed)

10:40 Electromobility initiatives within ParisTech and Sustainable Mobility Institute

**ROMAIN BEAUME**, Ecole polytechnique ParisTech

11:00 *Break*

11:30 VeDeCoM Institute: a new institute, federating industrial & academic research for carbon-free and connected vehicle and mobility

**JÉRÔME PERRIN** – General Manager of VeDeCoM

11:50 Mov'eo-TREVE: a strategic project to test, compare and evaluate charging systems

**JACQUES EMPINET** – General Manager at Controlsys (to be confirmed)

12:10 Mooville: an new answer to urban mobility

**PATRICK SOUHAIT** – General Manager of MUSES (to be confirmed)

12:30 *Networking lunch*

Round Tables on SAGE focus areas

Animated by Michel GIGOU, Mov'eo

14:00 Round Table Focus Area SAFE

**JAC WISMANS**, SAFER, Chalmers University of Technology

14:30 Round Table Focus Area GREEN

**EZIO SPESSA**, Politecnico di Torino

15:00 *Break*

15:30 Round Table Focus Area CONNECTED

**CHRISTINE KNORR**, City of Regensburg

16:00 Round Table Focus Area NEW BUSINESS MODELS

**MARC CHARLET**, Mov'eo

16:30 Conclusions by **MICHEL GIGOU**, Mov'eo

# INFORMATION

## AUDIENCE:

The core SAGE partnership, regional stakeholders and everyone interested in the SAGE topics in general and electromobility in specific. The conference language will be English.

## REGISTRATION:

The access to the SAGE annual conference is free for the stakeholders located in one of the SAGE regions (Paris-Rouen, Vastra Gotaland, Regensburg, Piedmont and Warsaw).

For logistics reasons, the registration is mandatory before Wednesday, December 5.  
Register by email to Marc CHARLET at MOV'EO: [marc.charlet@pole-moveo.org](mailto:marc.charlet@pole-moveo.org)  
Including information on the participant (name, company and email)  
Note: The number of places is limited

## CONTACT PERSON:

Marc CHARLET – Project Manager at MOV'EO  
Tel: +33 6 76 08 20 28  
[marc.charlet@pole-moveo.org](mailto:marc.charlet@pole-moveo.org)  
[www.pole-moveo.org](http://www.pole-moveo.org)

## LOCATION:

CCFA (Comité des Constructeurs Français d'Automobiles)  
2 rue de Presbourg – 75008 Paris  
[www.ccfa.fr](http://www.ccfa.fr)

Access:

- Metro line 1, line 6 or line 2 : station "Charles de Gaulle – Etoile"
- RER A : station "Charles de Gaulle – Etoile"
